Dog Tags to Degrees

Save the Date: 7 SEP 2016, Annenberg Complex.

Dog Tags to Degrees provides all Aggie student veterans with a unique opportunity to connect and socialize with University Professionals, Faculty, Staff, and Local Community Leaders to facilitate their holistic success. The Veteran Resource & Support Center recognizes that early engagement and involvement is a critical component of the educational experience and the success of its students. Through individual and collaborative relationships with Academic Departments and Advisors, students are best able to define and implement sound educational plans that are consistent with their personal and professional values, goals, and career plans. This event seeks to bridge the gaps and support transitions through a broad network supporting the University's mission to provide access, opportunity, and success for all student veterans.
